

Wildlife Presentation!

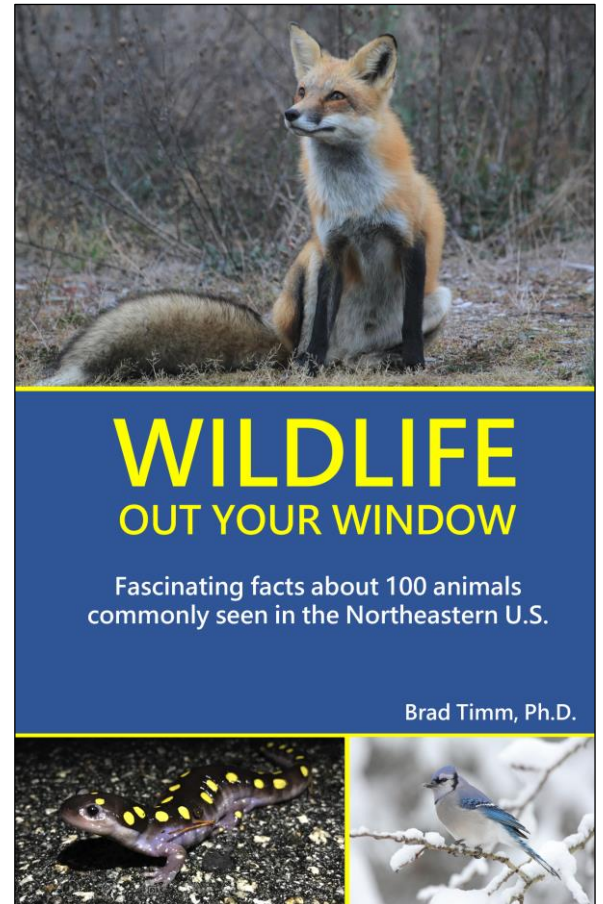

Sunday, October 26th, 2:00pm – 3:30pm
at the Hopkinton Public Library

Come join us for an entertaining and educational wildlife presentation led by Brad Timm, wildlife ecologist, author, and Founder of the Northeast Wildlife Team. Brad will share with us loads of fascinating wildlife factoids, inspired by his book *“Wildlife Out Your Window”*, for example...

**Some foxes
climb trees**

**Blue Jay feathers
aren't blue**

**Some frogs make
their own anti-
freeze**

...and Brad will share with us simple actions each of us can take to help wildlife all around us. Come join us for this free program! **Your eyes will be opened to wildlife in ways you never could have imagined!**

Brad will stay after the presentation to chat with attendees and will have signed copies of his book available for purchase (\$20) at the event.

Program sponsored by: **Friends of Whitehall**
